OBJECTIVE:

Passionate Front End Developer with expertise in React, Redux, JavaScript, and UI/UX design. Eager to contribute my skills and creativity to a dynamic development team.

SKILLS:

- Programming Language: JavaScript
- Front End Libraries/Frameworks: React
- CSS Frameworks: Tailwind CSS, Bootstrap
- Web Technologies: HTML, CSS,
- Version Control: Git

SKILLS I'm Working on :

- Backend Technology: Node.JS
 - Backend Frameworks: Express.JS
 - Database Technology: Mongo DB
-

PROJECTS

1. E-Commerce Website

Developed a React e-commerce site with data sourced internally, featuring a functional cart system and comprehensive e-commerce capabilities, while ensuring full responsiveness through Tailwind CSS styling. It is leveraging Redux for efficient cache memory management

2. React Admin Dashboard

Developed a React Admin Dashboard that can be used to integrate with many apps like e-commerce sites, the medical field, and local businesses. It has both Dark Mode and Light Mode, and the entire project is integrated with Nivo charts to dynamically display information.

3. YouTube Clone

Designed and developed a feature-rich React-based YouTube Clone with a live chat, nested comment section, and optimized search bar, leveraging Redux for efficient cache memory management and outperforming Flipkart's API calling efficiency.

4. Code-pen Editor Clone

Created a real-time code editor inspired by Code-pen, allowing users to write HTML, CSS, and JavaScript code. Utilized React for the interface and integrated a live preview feature using state management.

5. JavaScript Fighting Game

Created a fighting game with pure JavaScript that can be played by 2 players. I learned many things through this project and finally was able to create something that is responsive in terms of gameplay. It also showcases JavaScript as the commanding language.

EXPERIENCE:

UI/UX Designer and Main Graphic Designer(Remote, Full Time)

Gateway Car Rental, Abu Dhabi, UAE

From: Jan|2023 to Aug|2023

Freelance Product Designer, Local Brand

Pippy, Rajasthan, India

From: Oct|2022 to Nov|2022

EDUCATION:

Bachelor of Arts in Journalism and Mass Communication(Non- Attending)

Graphic Era Hill University,

Dehradun, 248001

Graduation Year [July, 2024]

ABOUT ME:

I want to emphasize that despite not having an IT background, I have acquired these skills out of my immense passion for coding and development. I firmly believe that coding is the superpower of today's world.
